TRADING IN NAVAL STORES RESUMED IN SAVANNAH

Suspended Since July 31 Because of Conditions Brought About by European War.

Savannah, November 16.—Trading in naval stores was resumed on the Savannah Board of Trade to-day, after having been suspended since July 31, because of conditions brought about by the European war. Some business has been transacted from time to time, but it was agreed by the members of the board that quotations should remain nominal. Their were no very decided changes in either turpentine or rosin to-day, and only a moderate amount of business was transacted. Turpentine was quoted at 45 cents, 1-2 cent below the previous nominal quotation of 45 1-2. Most of the day's sales in rosin were in the two top grades. The high grades were at sharp declines, medium grades were slightly lower, with small sales of the low grades. Rosin quotations to-day, compared with those of July 21, were as follows: A, B, 310, previous 250; C, D'345, previous 252; 1-2; E, 350, previous 356; F, 355, previous 255; I, 386, previous 355; K, 480, previous 355; K, 480, previous 450; N, 546, previous 600; W. This is the story that women folks as well as men folks are telling each other.

"TU-BO-LAX" is especially beneficial and desirable for the gentler sex. Their delicate organism is such that cathartics and strong purgatives cause irritation, bearing down pains and general debility. TU-BO-LAX seems to invigorate all the vital organs. It cleanses the lower bovel thoroughly and pleasantly. It seems to invite all the undigested food in the stomach down through the intestines without any discomfort. By its beneficial effect—the lazy liver is awakened to new activity, so that billousness, jaunders and sallow complexions are no longer a terror to women who use TU-BO-LAX.

Probably more than 1,000 homes in Philadelphia to-day have discarded purgatives of all sorts and depend upon TU-BO-LAX. They have discarded purgatives of all sorts and depend upon TU-BO-LAX. They have discovered that taking medicine in the mouth to pass down through the stomach and intestines to remove a little obstruction in the lower bowel is as antiquated as the "Tallow Dip." TU-BO-LAX is a laxative ointment that dissolves the hardened substances in 2 MINUTES and gives a thorough evacuation of the lower bowel. By removing the refuse and poison from the system, the blood becomes enriched—digestion is stimulated, the liver is made active and the whole body becomes stronger. Remember, you can carry TU-BO-LAX around in your pocket, and can get the relief desired at any time
